§ 319.75-3 Permits.

(a) A restricted article may be imported only after issuance of a written permit by Plant Protection and Quarantine.

(b) An application for a written permit should be submitted to the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Port Operations, Permit Unit, 4700 River Road Unit 136, Riverdale, Maryland

³Such bagging may be subject to additional restrictions under the provisions in 7 CFR 319.8 *et seq.*

20737-1236, at least 60 days prior to arrival of the article at the port of entry. The completed application shall include the following information:⁴

(1) Name, address, and telephone number of the importer;

(2) Approximate quantity and kinds of articles intended to be imported;

(3) Country or locality of origin;

(4) Country(ies) or locality(ies) where it is intended to be off-loaded prior to arrival in the United States;

(5) Intended U.S. port of entry;

(6) Means of transportation; and

(7) Expected date of arrival.

(c) After receipt and review of the application by Plant Protection and Quarantine, a written permit indicating the applicable conditions in this subpart for importation under this subpart shall be issued for the importation of articles specified in the application if such articles described in the application appear to be eligible to be imported. Even though a written permit has been issued for the importation of an article, such article may be moved into the United States from the port of entry only if all applicable requirements of this subpart are met and only if an inspector at the port of entry determines that no emergency measures pursuant to section 105 of the Federal Plant Pest Act (7 U.S.C. 150dd) are necessary with respect to such article.⁵

⁴Application forms are available without charge from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Port Operations, Permit Unit, 4700 River Road Unit 136, Riverdale, Maryland 20737-1236, or local offices which are listed in telephone directories.

⁵Section 105 of the Federal Plant Pest Act (7 U.S.C. 150dd) provides, among other things, that the Secretary of Agriculture may, whenever he deems it necessary as an emergency measure in order to prevent the dissemination of any plant pest new to or not theretofore known to be widely prevalent or distributed within and throughout the United States, seize, quarantine, treat, apply other remedial measures to, destroy, dispose of, in such manner as he deems appropriate, subject to provisions in section 105 (b) and (c) of the Act (7 U.S.C. 150dd (b) and (c)), any product or article, including any article subject to this subpart, which is moving into or through the United States, and which he has reason to believe was infested or infected by or contains any plant pest at the time of such movement.
